## PURPOSE:

To advise that Bureau Agents attended a meeting at Tallahassee, Florida, on March 3, 1952, in an effort to learn identity of two informants of [redacted] Alabama Highway Patrol, who reportedly have information in this case, and to protect Bureau interests in that the Bureau will be able to control this phase of the investigation. As a result of the conference, additional information furnished by informants obtained and [redacted] is to contact the Birmingham Office today to further cooperate with the FBI and background of his Birmingham informants obtained which should permit the Bureau to identify the informants.

## DETAILS:

On February 26, 1952, [redacted] for the Birmingham News, advised the Birmingham Office that he and [redacted] Alabama Highway Patrol, had gone to Opelika, Alabama, to obtain information concerning reported Klan activities in Alabama. An informant of [redacted] alleged that the bombings in Miami and Mims were perpetrated by E. E. Campbell, Exalted Cyclops, Ku Klux Klan at Birmingham. [redacted] furnished this information in confidence and did not want [redacted] to know he had reported [redacted]

RECORDED - 13  
INDEXED - 13  
MAR 12 1952  
100-4118-216

On February 27 and 28, 1952, [redacted] contacted the Birmingham Office and reported the same information given by [redacted]. At that time he also stated that he had an informant in Birmingham who is a former Klan official and who had previously given good information concerning the Klan. This informant in Birmingham alleged that William Hugh Morris and Bill Hendrix were responsible for the bombings in Florida. Morris is head of the Federated Ku Klux Klan, Inc., at Birmingham and Hendrix is head of the Southern Knights of the Ku Klux Klan. [redacted] stated that he preferred to not divulge the identity of his informants for the time being. He stated that he was going to recontact both of his informants on the weekend of March 1 and 2, 1952, and after his contact with his informant at Opelika (which is in the Mobile Division territory) he was to meet with [redacted] investigator for the Governor of Florida at Tallahassee, to determine whether the information furnished by his informants could be tied in in anyway with the Florida bombing cases.

The foregoing information was furnished to Mobile, Miami, and the Bureau by Birmingham by teletype dated February 28, 1952, and in view of the Bureau's all-out efforts to obtain all possible leads which may solve the Florida cases, Mobile Agents attended this meeting.

[ ] met with [ ] and Captain [ ] Miami Police Department, at Tallahassee on the night of March 3, 1952, which meeting was attended by Bureau Agents. Bureau Agents attended this meeting in an effort to learn the identity of [ ] two informants and to protect the Bureau's interests in that the Bureau would be able to control this phase of the investigation. As a result of this conference, additional information was obtained concerning the allegations furnished by [ ] informants over the weekend. Both [ ] and [ ], who have cooperated with the Bureau in the past on these cases, advised that they intended to take no further action at the present time in regard to this information since the Bureau had better facilities to handle this investigation. [ ] indicated that he was going to return to Birmingham and contact the Birmingham Office for the purpose of working further with the FBI. [ ] contacted the Birmingham Office upon his return and made arrangements for an interview today.

*Have little confidence in any representative of present Gov of Fla + Baldwin in a pipe line to Miami press.*  
Additional information was also obtained at the Tallahassee meeting which should enable the Bureau to identify [ ] informant at Birmingham in the event [ ] refuses to do so. It is also believed that [ ] informant at Opelika can be identified if necessary through background information furnished by [ ]

The Birmingham Office has been instructed to make no commitments to [ ] for divulging the identity of his informants if he does do so.

ACTION:

Every effort is being made to learn the identity of [ ] informants in order that the Bureau can completely control this phase of the investigation and this investigation is being vigorously pressed to determine one way or another whether there is any substance to this information.

To advise that [redacted] Alabama Highway Patrol, is considered a "lone wolf" type of individual and appears interested in the solution of this case for reward purposes and that his attitude is not indicative of very good relations between the FBI and other members of the Alabama Highway Patrol.

DETAILS:

Reference is made to the Director's request "Find out why we don't have better relations with Alabama Highway Patrol" in regard to information furnished the Birmingham Division by [redacted] Alabama Highway Patrol, in reference to two informants of his who reportedly have information concerning this case.

The Birmingham Division has advised that [redacted] has been with the Alabama Highway Patrol for some period of time working as a patrolman, however, during the past two years he has devoted his time as a plain clothes investigator handling matters not within the primary jurisdiction of the Bureau. As a result, contacts with the Birmingham Office have been extremely limited. [redacted] is described as a "lone wolf" type of individual and appears interested in the solution of this case for reward purposes. Birmingham has also advised that [redacted] actions in this matter are not at all indicative of the very good relations between the FBI and other members of the Alabama Highway Patrol. Birmingham states that officers of the Alabama Highway Patrol are all most cooperative and other representatives of this organization have volunteered to be of assistance whenever possible and have been cordial and helpful.

Birmingham has reported that [redacted] is now cooperating fully and that he did not reveal the identity of his two informants originally because they had been developed as informants by him on a personal basis and the informants had specifically requested that [redacted] not reveal their identity to anyone. [redacted] has recontacted his Birmingham informant and convinced this informant to discuss this case with the FBI to which the informant agreed. This informant, [redacted] has been interviewed by Agents of the Birmingham Division and has expressed his willingness to cooperate with the Bureau. However, he was not able to furnish any specific information as to the identity of the subjects in this case.

The identity of the second informant can possibly be determined from background information known about him in the event [redacted] does not convince the informant to voluntarily talk with Bureau Agents.

Reurtel March 22, 1952, indicating that Tillman H. Belvin resembled one of the individuals who attempted to abduct Luther Coleman.

Investigation in connection with this case reflects that Belvin is a suspect in regard to numerous acts of terrorism. Investigation also reflects that he has received considerable hospitalization for a physical ailment.

You should promptly determine where Belvin has received hospitalization and determine the exact periods that he was confined to the various hospitals. Such information may show that he was confined to a hospital at the time he was suspected of acts of terrorism. Such information may also be helpful in the event of subsequent interviews with him at which time he may claim hospitalization as an alibi to some of the various acts of terrorism.

**SYNOPSIS OF FACTS:**

[redacted] upon reinterview, reaffirms that she and [redacted] passed victims' home on the evening of 12-25-51 and says that it may have been 11:00 P.M. or later. Recalls that [redacted] said that he saw a truck parked on the side of Old Dixie Highway at grove in front of victims' home, but that no mention was made of seeing a car and that she did not see anything.

[redacted] advised SA GARRETT P. FLEMING and the writer that she told the truth during the prior interview and that she is certain of the accuracy of the facts she furnished except for the time given as the approximate time she and [redacted] passed the home of the victims upon their return from Titusville the night of December 25, 1951. She advised that it may have been as late as midnight, but that she now believes that it was about 11:00 P.M. or possibly a bit later.

~~EXCLUDED PROCESSING~~

She repeated that she and the two men and [redacted] and the latter's baby had visited at the home of her aunt, [redacted] in Daytona Beach and reported that they left Mims, Florida about 3:30 P.M. She stated that they arrived back in Mims about 10:00 P.M. and that she and the two men then went to Titusville. She related that the purpose of the trip was to secure whiskey and that they bought a pint of whiskey at the bar of a negro woman named [redacted] (phonetic) on South Street, the main street in the section in which negroes reside. She stated

that they arrived after the bar closed, but that the woman sold them a bottle of whiskey which they drank while travelling at a leisurely rate of speed back to Mims.

*find* She stated that she is positive that they travelled over the Old Dixie Highway and that they were not drunk. She stated that when they passed the grove in front of the victims' home [redacted] commented that he wondered what "that truck parked there with the lights off" was there for. She advised that she is certain that they were at that time opposite the grove, but that she did not see the truck and no further comment was made. She stated positively that no mention was made of a car of any kind other than the truck, and that she did not see any car or truck. She added that [redacted] mentioned it again the next day when they were discussing the explosion, but that he did not add any information and never told her what type of truck it was.

She stated that she cannot state the exact time that they passed the grove and has no opinion as to whether it was before or after the explosion. She stated that there was nothing observed to make her think that it was after the explosion. She recalled that various persons reportedly heard the explosion at the time, but that she did not know of it until her mother heard it from an unknown source the next morning and told her. She stated that she heard that relatives of the victims reached the scene almost immediately, but that she does not know whether there were enough people around shortly after the explosion that it is certain that she would have noticed the crowd if the explosion had taken place before they passed.

[redacted] advised that she was not personally frightened and that her departure from Mims was according to her original plan. She reported that she had not lived there for three years and that she had merely returned to visit her mother and that she had purchased a round trip ticket originally. She advised that her return to Slaton was as she had planned.

She again denied that she had made a telephone call from Titusville on December 25, but that she did call [redacted] at Slaton, No. 647W, on December 26, 1951, at about 9:00 A.M. She stated that the call had no reference to the bombing. She repeated that it was made from the Truck Stop in Mims.

She positively denied that she had made any statements to the effect that she or the men had seen a patrol car at the grove near victims' house nor has she heard either of the men make any such statement.

stated he held membership card number [ ] and paid \$9.50 for one year membership dues but that he voluntarily disaffiliated himself from the Klan in 1948 after attending three meetings. He stated that his reason for leaving the Klan was that he disagreed with the Klan's beliefs regarding White Supremacy and that the meetings he attended were nothing but confusion and argument among the members. [ ] stated that the Klan meetings were held every other week at a place owned by Mr. " [ ] (phonetic), located approximately two miles south of Apopka, off [ ] [ ] stated that the Klan membership was made up of persons from Apopka and the surrounding towns and that the meetings were attended by twenty or thirty Klansmen.

[ ] stated that among those present at the meetings which he attended were R. G. [ ] stated that [ ] and BOGAR were the apparent leaders of the Klan and that they seemed to create most of the confusion and carry on most of the arguments.

[ ] stated that some time subsequent to his disaffiliation he heard, through [ ] that the Klan had split up into two factions and that the split was caused by disagreement among the Klansmen as to who would be the leader of the Apopka Klan. Some members favored [ ] and the others favored WILLIAM BOGAR. [ ] could provide no information as to the identity of the Klansmen who favored [ ] or BOGAR other than that he believed [ ] favored WILLIAM BOGAR.

Relative to his alleged association with EARL J. BROOKLYN, [ ] stated that he did not know a person by that name. He stated that he was acquainted with [ ] from SANFORD, Florida, but that he knew these individuals only through their reputations as baseball players and from seeing them play baseball for the Apopka and Orlando baseball teams. [ ] stated that he did not associate with the [ ] [ ] and that to the best of his knowledge, they were not members of the KluKlux Klan.

[ ] stated that he has known [ ] since about 1947 and that he first met [ ] while, he, [ ] was employed as a clerk and salesman by the RYAN Brothers Lumber Company in Apopka, Florida. [ ] stated that to the best of his knowledge, [ ] is employed as a [ ] by the B. L. Waters General Contracting Company, Apopka, Florida, and that he had had no connection with [ ] other than through his employment at the RYAN Lumber Company.

[ ] admitted knowing [ ] since about 1948 and stated that he first met [ ] through [ ] employment by the Ryan Lumber Company. [ ] stated that he had no knowledge of WADE's Klan activities nor had he ever heard from any source that [ ] was a Klansman or had participated in the planning or the bombing of the victim's home. [ ] stated that to the best of his knowledge [ ] operates a Radio Repair Shop in Apopka, Florida, and that he had had no connection with [ ] other than through business.

[ ] stated that he was not acquainted with a person by the name of [ ] and that the only person he knew with a similar name was [ ] of the Sunshine Manor Fishing Camp, Lake Apopka, and that to the best of his knowledge [ ] is not a member of the Klu Klux Klan.

[ ] stated that he did not recall hearing the names of the victims mentioned at the Klan meetings, which he attended and advised that he had no knowledge of a floor plan of the victims' home being shown and discussed at any of the meetings which he attended or at subsequent meetings.

[ ] admitted knowing that the victims had been killed as a result of the bombing of their home but stated that he first learned of the killing through newspaper articles.

[ ] stated that he could provide the writer with no information regarding the identity of the persons responsible for killing the victims. He stated further that whereas he was not attempting to create the impression that he had credible information which would lead him to suspect anyone of the killing, that WILLIAM BOGAR, [ ] were the most vociferous in the promotion of the Klan and that they perhaps could provide information which would possibly help to establish the identity of the persons responsible for killing the victims.

The results of investigation to date reflect that some of the KKK members at Apopka and Winter Garden, Florida, are in all probability responsible for the bombing in this case. No admissions have been obtained but information received from informants and witnesses indicate that certain renegade members of the Klan were making inquiries about Moore and "casing" his home at Mims for a number of months prior to the bombing. These renegade Klan members deny any participation and at the present time other acts of terrorism by Klan members are being investigated to determine the identities of Klan members responsible which information, in turn, may be used in questioning the main suspects.

[REDACTED] has been interviewed by Agents from the Savannah office and has admitted participation at five floggings and has identified only one other Klan member. He has not given all information he undoubtedly possesses. It is believed that Miami Agents, thoroughly familiar with this case and Klan activities in Florida, will be in a much better position to question [REDACTED] and be more likely of obtaining valuable information. Consideration is being given to calling Klan members before a FGJ and knowledge of participation in acts of terrorism should materially assist in questioning the Klan members. Jackson, SC, is approximately 425 miles from Orlando, Florida, (scene of present investigation) and small additional expense and Agent time may prove to be extremely helpful to this investigation.

Re: SAs LAWRENCE R. CHANDLER, Savannah, 3-6-52, and  
Savannah, 3-15-52.

The purpose of this letter is to request Bureau authority to have [redacted] at Jackson, South Carolina, interviewed by Agents who have been working on the special squad at Orlando, Florida.

[redacted] according to information developed, was known as a Klan renegade at Apopka, Florida, along with [redacted] and others. Considerable friction had grown up within the Klavern while it was part of the Association of Georgia Klans and a group tried to oust BILL BOGAR who was Exalted Cyclops. Charges were brought against [redacted] and R. G. STEPHENS (deceased). These men were suspended, or banished, and as a result of the action taken [redacted] quit the Klan. All of these individuals have been named by informants and cooperative Klan members as being the rough element and those who engaged in terrorist activities.

[redacted] is experienced in the use of dynamite to the extent that he assisted TILLMAN H. BELVIN, a principal suspect, in blowing stumps on BELVIN's property. [redacted] was completely uncooperative when interviewed and refused to discuss any Klan activities or members. [redacted] likewise have been uncooperative, standing on the Klan oath as their reason for not discussing any personalities or activities with the Agents. All of these individuals have emphatically denied taking any part in terrorist activities.

In view of the nature of the Klansmen in the area and their activities and the difficulty experienced in trying to elicit any information it has been the objective of the current investigation to identify some individuals with terrorist activity which could in turn be used as a basis in interrogating key associates of EARL J. BROOKLYN, TILLMAN E. BELVIN and JAMES B. JOHNSON and, finally, the main suspects themselves.

It is believed that with the vast background knowledge of the Agents on instant case, particularly of Klan activities, members and terrorist activities in the Orlando area [redacted] may be convinced he should talk. It has been demonstrated in interviews that certain Klansmen

Director, FBI

are considerably impressed with the knowledge of the interviewing Agents. Considerable information of value concerning BROOKLYN and other possible suspects was obtained from [redacted] and it is believed the only reason he talked or was cooperative is that the Agents were able to get across to him that they only wanted confirmation of knowledge already at hand.

It is believed that [redacted] may have been involved in the beating administered to [redacted] at the "favorite stomping grounds" in Winter Garden, Florida. [redacted] described one man as a "yankee talking individual", age [redacted] weighing 140, thin to medium build. (On a subsequent interview [redacted] recalled that this individual had sandy to red hair.) The report of Special Agent O'MARA describes [redacted] as age [redacted] born [redacted] weight [redacted]

In this connection [redacted] stated he believed he could positively identify two of the men who flogged him and he will very definitely prosecute locally any individual actually identified in the flogging.

It is felt that if Klansmen or their associates in the Orlando area are involved in the plot against HARRY T. MOORE's life it is extremely important to learn the identities of persons who have participated in the so-called "wrecking crews" and have taken persons out on "rides" and engaged generally in terrorist activity.

[redacted] has indicated he has taken part in five floggings, one involving a white man who was reported to be running around with women. When [redacted] was beaten he was told by the men that he should stay away from [redacted] and go back to his wife and children.

**RECOMMENDATION:** It is recommended that this Office be authorized to have [redacted] interviewed by two of the Agents who are most familiar with the Klan activity in the Apopka area in particular and the Orlando area in general. These Agents have personally interviewed many of [redacted] old associates and friends and may be able to obtain detailed information from him.

It is realized that such an interview out of the Miami territory involves some additional expense; however, if the Agents are able to elicit the desired information from [redacted] the expense would be more than compensated in the investigative time that would be saved. In the present stage of the investigation such an interview, if authorized, should be conducted as soon as possible. Therefore, if the Bureau approves of the Miami Agents conducting the interview it is requested the Miami Office be so advised by teletype.

they were in reality taking WOMACK, a case of mistaken identity. There is apparently some relationship, unknown at this time, between the incidents regarding COLEMAN and WOMACK due to the fact one was living with the sister of the other's wife.

It has been rumored in the Orlando area that DORA MAE MOSBY received word she had better get out of town or something would happen to her. She is presently residing at 170 First Street, Troy, New York, with Mrs. LEROY (DOROTHY) ROBINSON.

It is requested that the Albany Office interview DORA MAE MOSBY regarding the shooting of MELVIN WOMACK. In the conduct of investigation in Florida it has been determined that many of the victims of terrorist incidents and witnesses and relatives of victims are terrified and fear that if they cooperate with the FBI they may be subject to reprisals on the part of the persons participating in the terrorist incidents. Therefore, in interviewing DORA MAE it is important to convince her it is necessary for the benefit of her race that she cooperate with the Agents and that any fear of reprisals against [redacted] and LUTHER COLEMAN, be allayed. In this connection it is noted the COLEMANs have been very cooperative in this matter.

For the assistance of the Agents interviewing DORA MAE there are enclosed a group of photographs, identified only by name, of known Klansmen, many of whom are known to be on the Klan "wrecking crews", for exhibition to DORA MAE MOSBY. There are several poses of some individuals. After she has been interviewed the photographs should be returned to the Miami Office.

In the event she can effect an identification or furnish any information of value it should be incorporated in a signed statement. The Orange County Sheriff's Office performed a cursory investigation of the killing of WOMACK and the Miami Office has been advised by a confidential source in the Sheriff's Office that during the investigation DORA MAE was questioned as to whether there was any truth to the rumor she had been living with a white man and as a result he because of jealousy was instrumental in WOMACK's death. The source believed this was merely a "cover up" on the part of the investigator to distort facts regarding the persons responsible for the shooting.

DORA MAE MOSBY is described as approximately 45 years of age, light brown complexion, 130 pounds, wears glasses and is a very neat and good dresser.

It is requested this interview be given expeditious attention and in the event she effects an identification of any of the photographs that the Miami Office be advised by teletype.

RE: ~~EDGAR ELLIS CAMPBELL~~, with alias  
~~ELLIS CAMPBELL~~, with alias  
"PECK" CAMPBELL

Investigation in instant case was reinstituted by the Birmingham Office upon receipt of information from Temporary Confidential Informant T-1, of known reliability, who advised on February 26, 1952, that he had just returned from a trip to Opelika, Alabama, which he had made in company with [redacted]  
[redacted]

b6  
b7C  
b7D

Informant T-1 related that [redacted] had conducted several interviews at Opelika in an endeavor to elicit information seeking to identify the persons responsible for the bombing of the [redacted] residence at Phenix City, Alabama.

Informant T-1 stated one of the persons from whom [redacted] secured information is [redacted] at Opelika whose name he did not know, but whom he described as being in his [redacted] approximately [redacted]

[redacted] and drives [redacted]. He stated [redacted] seemed to want to share in any reward money which [redacted] might collect and exacted a promise from [redacted] that if he turned up any information [redacted] would assure him that he would [redacted]. [redacted] also wanted money for gasoline and expenses in trying to secure information and [redacted] also promised this.

Informant T-1 related that [redacted] told [redacted] that within the past few days he had been in touch with "a big wheel member of the Klan" either in Georgia or South Alabama; that he knows one man did all of the bombing, both in Mims, Florida and Miami, Florida, and in Birmingham. He further indicated that at that time he did not know the identity of the individual, but was working up to it. He further related that one of his sources of information was one [redacted] T-1 described [redacted] in Electrical Engineering and a man of approximately [redacted] years of age. He also stated [redacted] is known

BH 44-244

by him in the past to have made a speech before the Opelika City Council condemning the proposed action of the Council to bar Klan parades in Opelika.

Informant T-1, continuing, stated that [ ] told [ ] he was a 100% Klansman and was going to meet with [ ] on Friday night, February 22, 1952. T-1 stated [ ] was observed in front of [ ] home and, thereafter, [ ] met with [ ] telling him that he tried to get [ ] to drink whiskey to loosen his tongue, but [ ] would not touch anything alcoholic. He further related that [ ] said he had secured the name of the individual responsible for the bombing, but could not remember it. He said it was similar to the name of a cigarette. [ ] after mentioning a few of the popular brands, secured the information from [ ] that the Klansman who did the bombing was named CAMPBELL.

b6  
b7C  
b7D

Informant T-1 stated that inasmuch as [ ] was himself slightly under the influence of his own whisky at that time, in order to corroborate his information to the effect that CAMPBELL was responsible for the dynamiting, arrangements were made to have the salesman get some Klansmen to dynamite an old or ramshackled house outside of the city limits of Opelika and to plant the story with the Klokkan, which is the Special Committee in the Klan which decides matters of policy that the house to be dynamited was a meeting place of Negro Communists and should be blown up. Informant T-1 related that this plan was not carried out as the same was disapproved by [ ] of the State Highway Department, as being entrapment.

Informant T-1, continuing, stated [ ] told [ ] that there had been considerable talk regarding the dynamiting of a Negro cafe at Auburn. He was unable to identify the cafe.

Informant T-1 also stated that [ ] was to proceed to LaGrange, Georgia on [ ], where he was to meet BILL HENDRIX, head of the Southern Knights of the Ku Klux Klan in Florida, and another Klan official who was to be at LaGrange as a driver in the stock car races to be held there. T-1 stated HENDRIX was also formerly the head of the South Carolina Klan Club, but had "ex-communicated" that club two weeks before the Federal Bureau of Investigation round-up. He stated HENDRIX at the present time, has several clubs in South Alabama, one of which he knows to be located in Dothan, Alabama.

BH 44-244

Informant T-1 related that the meeting at LaGrange, Georgia did not take place as HENDRIX could not get there. He, thereafter, told [ ] that he had talked to a high Klan official, believed by [ ] to have been [ ] and [ ] reiterated that he had positive information that E. E. CAMPBELL, Exalted Cyclops of the Robert E. Lee Klavern at Birmingham, Alabama, was the individual responsible for the Birmingham bombing, as well as the Florida bombing. [ ] stated the bomber had only one regret in regard to his bombing and, according to T-1, that was the fact that a child had been hurt by one of the dynamite explosions. Informant stated the only child he can recall as having been even slightly injured was [ ] who was in the [ ] home at Phenix City, Alabama at the time it was damaged by dynamite.

Informant T-1 stated that E. E. CAMPBELL resides at 1902 Stouts Road in North Birmingham, is a Tennessee Coal and Iron Company worker, and his time slips at the plant would not prove his absence from work at the time of any of the bombings as, according to T-1, CAMPBELL has relatives there who fix up these time slips to show him in attendance and thereby give him an airtight alibi. T-1 stated that during his inquiries of the Birmingham bombings, he ascertained that CAMPBELL at that time had his own plane, a Piper Cub. Since then, the plane has been sold, but CAMPBELL is a Colonel and Commanding Officer of Civil Air Patrol No. 1 at Birmingham, and consequently, has planes at his disposal.

Informant T-1 related that the bombing in Mims, Florida, according to [ ] information, was a deviation from the regular routine, as it was believed that some sort of clock had been used to detonate the dynamite on the Mims job. Ordinarily, the dynamiter preferred to throw the explosive from a moving vehicle.

Informant T-1 further stated he personally recalls that in about April 1950, E. E. CAMPBELL was questioned by [ ] State Investigators [ ] of the Sheriff's Office, and Detectives [ ]. He stated that at that time CAMPBELL denied knowledge of the technique required to use dynamite. He was also evasive in answering any questions, particularly if [ ] white residents of the area where the Negro houses were bombed, were Klan members. The only admissions secured from CAMPBELL was a statement to the effect that he had admitted at one time working with a man who had used dynamite in blowing stumps.

Informant T-1 also related that in about April 1950, [redacted] who had been fired for Klan activities, was picked up at the request of the officers mentioned above and released after [redacted] the Southside City Jail, Birmingham, told these officers that they could not question him. [redacted] related that he had received his orders from Chief of Police FLOYD EDDINS. Informant T-1 stated one of the [redacted] called the Chief and the latter informed him that he had to take his orders from "higher up." T-1 stated he recalls [redacted] later thanked the [redacted] for telling the press that [redacted] had been picked up only to answer a question or two about his automobile and released. [redacted] indicated this statement got him out of an embarrassing position.

b6  
b7C  
b7D

T-1 also stated he subsequently learned that E. E. CAMPBELL had been picked up for questioning at the Ensley, Alabama Precinct, inasmuch as Detective Captain [redacted] had informed [redacted] that his information had "come up" with the name of E. E. CAMPBELL as the individual who did the North Smithfield bombing.

Informant T-1 specifically requested that Agents not endeavor to interview [redacted] in Opelika at this time, as this would violate the confidence which [redacted] had imposed in him. T-1 stated he intended to further question [redacted] with [redacted] and proceed to Tallahassee, Florida, and possibly Mims, Florida, with [redacted] to contact State Investigators and endeavor to correlate information which they had received with anything that the investigation in Florida might show linking the bombings to E. E. CAMPBELL.

In addition to [redacted] in Opelika, Informant T-1 knows that [redacted] is working with Informant T-2, a [redacted] who formerly cooperated with [redacted] to the extent that [redacted] in the Klan at Pell City, Alabama [redacted] (This refers to a Klan murder at Pell City, Alabama). Informant T-1 stated the leverage which [redacted] uses on T-2 is [redacted] in the beating of [redacted] by Klansmen near [redacted] Alabama several years ago.

The individual above described as [redacted] at Opelika, Alabama, who has been the informant of [redacted] will hereinafter be referred to as the "Opelika informant."

BH 44-244

Subsequent to the above information, [ ] at the request of Informant T-1, contacted reporting Agents and upon being interviewed at the Birmingham Office, substantiated the information received by him from his "Opelika informant" concerning suspect E. E. CAMPBELL. At that time, [ ] stated he preferred not to divulge the name of this individual, indicating that he contemplated returning to Opelika and reinterviewing his informant there in the immediate future. He also stated he would, in all probability, after interviewing his "Opelika informant" then proceed to Tallahassee, Florida and interview [ ] [ ] handling the bombing case at Mims, Florida and by contact with this person, endeavor to correlate information which he had received from his sources of information with that already in the possession of [ ]

During the interview with [ ] he stated also that he was in contact with another informant of his at Birmingham in whom he had the greatest trust concerning cases of this nature, inasmuch as his "Birmingham informant" had previously given him valuable information in connection with the solving of a Klan murder in Pell City, Alabama which occurred approximately two years ago, and that his "Birmingham informant" [ ] itself and was well acquainted generally throughout the Southeast [ ] organization. [ ] "Birmingham informant" will be hereinafter referred to as "T-2," and [ ] indicated he had considerably more trust in any information furnished by T-2 than his "Opelika informant," inasmuch as the latter was apparently getting what information he might have second or third hand and was possibly motivated by personal desires to attempt to secure possible rewards in this case. Interview with T-2 will be set forth later in this report.

[ ] Merchants Credit Association, produced a file on EDGAR ELLIS CAMPBELL who had also been variously known to them as ELLIS E. and ELLIS EDGAR CAMPBELL. The latest credit information which had been compiled on this individual was completed in November 1951.

The file reflected that he is 44 years of age, having been born on November 9, 1908. [ ] CAMPBELL has been employed as a machinist, Tennessee Coal and Iron Company in Birmingham since 1937, and earns approximately \$4,000.00 per year. The file shows his former employers as Goodyear Tire and Rubber Company and the Goslem Birmingham Manufacturing Company, dates of same not shown. It was

BH 44-244

further reflected from the credit file that CAMPBELL enjoys a good business reputation and was not known to have been engaged in any "illegal or unethical practices." The file also indicated that no complaint or criticism had been received in regard to the character, habits or morals of this individual. The file did not contain any newspaper clippings or references to any past or present Klan activity on the part of CAMPBELL. His residence was shown as 1902 Stouts Road, Birmingham, Alabama. This residence was indicated as being owned by relatives of CAMPBELL's wife.

A review of the files of the Birmingham Office revealed that during the late 1940's, CAMPBELL was Exalted Cyclops of the Robert E. Lee Klavern No. 1 of the Federated Ku Klux Klans, Inc. He did not receive a great deal of newspaper notoriety in this capacity. Informant stated that he was recognized as the leader and motivating influence in Klan activity in Jefferson County, Alabama during the period which he headed the Robert E. Lee Klavern. During the "Klan Trials" held in Circuit Court, Jefferson County, Birmingham, Alabama, after numerous instances of floggings while masked were attributed to Klan members during the early months of 1949, CAMPBELL avoided a great deal of newspaper publicity which was received by other Klan officials at Birmingham, including WILLIAM HUGH MORRIS, head of the Federated Ku Klux Klan, Inc. During the course of these trials, numerous photographs of WILLIAM HUGH MORRIS and other Klan officials appeared in the Birmingham press, but although news photographers were known to have taken pictures of E. E. CAMPBELL during that period, his photograph was never published in connection with his Klan activities.

Based upon information appearing in letter from the Miami Office to the Bureau dated January 11, 1952, setting forth the dates and circumstances surrounding additional bombings in Miami, Florida, as well as the instant case, contact was had with a confidential source, T-3, an official of the Tennessee Coal and Iron Company, a U. S. Steel subsidiary, with reference to the time and attendance records of suspect CAMPBELL during the periods September 22, 1951, (Carver Village); November 30, 1951, (Jewish schools and centers); December 23, 1951 (St. Peter and Paul Catholic Church) and the instant case, 10:30 p.m., December 25, 1951.

The following work record of suspect CAMPBELL, preceding and following the dates above, is set forth, noting that CAMPBELL is employed on the night shift of the Fairfield Steel Plant of the company from 11:00 p.m., to 7:00 a.m., and the hours worked under the individual dates set forth below refer to the day in which the seven hours of his

BH 44-244

shift were worked, i.e., the table shows on December 25, 1951, as CAMPBELL being "off duty," however, eight hours' work were reflected on December 26, 1951, which means that he reported on his regular shift at 11:00 p.m., Christmas night, December 25, 1951, and worked through the end of his shift 7:00 a.m., December 26, 1951.

Subsequently T-3 was contacted with reference to additional information which might reflect that suspect CAMPBELL did, in fact, begin his tour of duty at 11:00 p.m., December 25, 1951. This source subsequently advised he had definitely and discretely established that CAMPBELL was present and had worked on that shift, basing his comments upon contact with CAMPBELL's supervisor and a review of the "job record" of work performed by CAMPBELL on that night. In connection with the "job record," T-3 stated that when CAMPBELL entered on duty at 11:00 p.m., December 25, 1951, his "job record" showed him working on a particular job assignment which had the same "job number" as the work he was performing on his last tour of duty, but that during this particular shift, he had completed that item and was assigned to, and began working on, another "job number." T-3 stated it would have been impossible for this re-assignment of job work to have occurred in the records of this company had not suspect CAMPBELL been present at that time to receive his assignment and begin working on the new "job number."

BH 44-244

Inasmuch as [ ] State Investigator, subsequent to initial interview with him, indicated that E. E. CAMPBELL was an officer in the Civil Air Patrol at Birmingham and also is known to have owned an airplane of his own and believed by [ ] to have possibly made some trips into Florida, contact was had with Captain [ ] and Colonel [ ] Captain [ ] Director of the Birmingham Contingent of the Civil Air Patrol, having his office in Building T-390, Birmingham Municipal Airport, and Colonel [ ] is Director of the Department of Aeronautics of the State of Alabama, with offices at Montgomery, Alabama, but who was present with Captain [ ] during interview with him.

Captain [ ] produced the original application of suspect EDGAR ELLIS CAMPBELL at the time he joined the Civil Air Patrol on June 11, 1948. From this, it was noted he resides at 1902 Stouts Road, Birmingham, Alabama, telephone 3-1702, and in addition to physical description which will be set forth later in this report, a list of his references given was noted to contain the name WILLIAM HUGH MORRIS, 522 Tuscaloosa Avenue, Birmingham (head of the Klan in Alabama) and [ ] Birmingham, and [ ] residence [ ] Birmingham, Alabama. (The latter two persons are [ ]. CAMPBELL reflected that at one time he owned a BT13A (Consolidated Vultee) plane which bore NC number 65801, but according to Captain [ ] this plane has not been flown for a period of one or two years and was disposed of by CAMPBELL. It was the information of Captain [ ] that CAMPBELL and another individual had intended using this plane to fly seafood from Mobile to Birmingham daily, but their possible business venture never materialized.

The application reflected serial number assigned to CAMPBELL by the Civil Air Patrol was 4-6-1313, and at the present time he is Squadron Leader of Birmingham Squadron No. 1 of the Civil Air Patrol and holds the rating of a Captain in that organization. CAMPBELL's application reflected he has soloed several hundred hours and has had flying experience with practically all of the smaller type aircraft and also BT13's and PT19's. Captain [ ] indicated that if he was able to fly these aircraft, he was capable of flying anything.

A check of the logs of the Civil Air Patrol produced by Captain [ ] reflected no flights out of Birmingham made by CAMPBELL during or immediately preceeding any of the dates pertinent to this and related investigations. Captain [ ] indicated, however, that CAMPBELL

BH 44-244

was well known and popular among aviation circles around the Birmingham Municipal Airport and that it would have been an easy matter for him to secure the loan of any smaller type plane that he might desire to use at any time. Captain [ ] also stated that during the past year or so, CAMPBELL has exhibited a keen interest in the Civil Air Patrol work and was rated by him as a good officer in his organization. He stated that the man personally has always impressed him as being relatively quiet, unassuming, almost bordering on meekness, and that he has never given him any cause to suspicion his activities. Captain [ ] incidentally, had not noted previously the name of WILLIAM HUGH MORRIS appearing on CAMPBELL's application blank as a reference.

b6  
b7C

[ ] Communication Section, Civil Aeronautics Authority, was contacted with reference to any record of possible flights of CAMPBELL during pertinent periods, which might have been made by him in privately owned planes. [ ] advised that his office was not required to maintain such records of small planes leaving the Birmingham Municipal Airport and that no such record would be available to check.

In an effort to determine what contacts suspect CAMPBELL may have made [ ] with persons residing in the State of Florida, through the cooperation of T-4, of known reliability, [ ]

[ ]

[ ] whom he described as an employee of the [ ] with 30 years' service. He further related that during the period [ ]

[ ]

[ ] Investigation subsequently revealed that she is, in all probability, an aunt of suspect CAMPBELL, as it is known that "Uncle GEORGE" CAMPBELL of Tennessee visited suspect CAMPBELL during the Christmas season of 1951.

Subsequently [ ] contacted reporting Agents and advised he had made another trip to Opelika to see his informant there and at that time, that individual had no definite information in his possession which would implicate suspect CAMPBELL other than that previously reported. [ ] stated his informant could not give him any leads to definitely

b6  
b7C

BH 44-244

implicate or eliminate suspect CAMPBELL and that his informant merely kept reiterating that in his opinion CAMPBELL was involved in the Florida bombings.

It should be noted at this point that [redacted] "Opelika informant" is the only individual who has implicated CAMPBELL in instant violation in any manner and that his "Birmingham informant" whose interview will be reported later in this report under another section, T-2, was of no such opinion that CAMPBELL was involved in the incidents.

On the night of March 7, 1952, [redacted] contacted reporting Agent and advised he had received a telephone call from an individual at Jasper, Alabama who had previously been contacted by him during his investigation of Klan activities and floggings in the Birmingham area a year or so ago, in which that individual related that [redacted] referred to below as T-5, would possibly like to give some information concerning Klan activities. It was [redacted] opinion that T-5 might be able to assist in instant investigation and accordingly, T-5 was contacted by reporting Agent and [redacted] at the residence of [redacted] Alabama on March 8, 1952.

b6  
b7C  
b7D

Informant T-5, who appeared to be sincere in his statements, related that from [redacted] he was a member of the [redacted] and during the latter period of [redacted] to that organization under [redacted] He stated that at the present time he has completely disassociated himself from the Klan, although he did state that when he first joined it he was impressed with the "ritual" of the organization, but did not condone any "strong arm" methods of some of the membership. He stated that the latter incidents of violence were handled by an innermost secret organization within the Klan known as the Klavaliers, but he was never invited to join that group. At the present time, T-5 stated [redacted] the Federal Court at Birmingham, [redacted] the Post Office Inspectors with causing the mails to be used to [redacted] a pamphlet prepared by WILLIAM HUGH MORRIS, head of the Klan, but mailed [redacted] to individuals on the mailing list whom MORRIS considered to be "friends" of the Klan. This pamphlet was entitled "Klan Intelligence Report" and the objectionable matter for which [redacted] MORRIS [redacted] indicted appeared in the latter portion wherein an attack was made on the organization of Elks. T-5 stated that [redacted] the complaint filed by the Post Office Inspectors, that WILLIAM

[redacted] T-5 stated due to that effect, he is not  
at all on friendly terms with MORRIS at this time [redacted]  
[redacted]

In reply to inquiries concerning suspect E. E. CAMPBELL, T-5 stated he was well acquainted with that individual and knew definitely that CAMPBELL had been a member of the Klan and was Exalted Cyclops of the Robert E. Lee Klavern at Birmingham, but that in the definite knowledge of himself, T-5, CAMPBELL resigned from the Klan over a year ago and has taken no active interest in Klan activities since his resignation. T-5 stated CAMPBELL's whole interest now outside his regular employment appears to be taken up with work with the Civil Air Patrol. T-5, at this time, had no other definite information which might be of interest in this case.

In furtherance of investigation to determine the whereabouts of suspect CAMPBELL during the period immediately preceding the Mims bombing, in instant case, the following investigation was conducted:

Mrs. MATTIE D. SMITH, widow of WILLIAM M. SMITH, who is a reliable individual and presently employed by the Title Guarantee Company at Birmingham and who resides in the residence at 1922 Stouts Road, Birmingham, which is the closest residence on the same side of the street as that occupied by E. E. CAMPBELL, was contacted by reporting Agents. She stated that for 15 or 20 years she has been very close to Mrs. E. E. CAMPBELL and visits daily with her, either in her own home or in the CAMPBELL residence. She recalled that on Christmas Day, 1951, having visited the CAMPBELL residence and although she does not distinctly recall whether E. E. CAMPBELL himself was in the living room, she is sure in her own mind that individual was either at home or at Birmingham on that day and during the week end immediately preceding Christmas. She stated Mr. CAMPBELL personally has been a very good neighbor and that she has never heard anything derogatory concerning him. She is of the firm belief that had E. E. CAMPBELL been away from his residence for the day or so before December 25, 1951, that she would have learned about it through his wife.

[redacted] and [redacted]  
who reside in the residence at [redacted] immediately in front of, and across the street from, the CAMPBELL residence, were discreetly contacted. Both these individuals stated they have almost daily contact with one of the members of the Campbell household and that during the period

b6  
b7C

BH 44-244

December 23, through December 25, 1951, they are fairly certain that Mr. CAMPBELL was at home. [ ] further recalled definitely that on Saturday, December 22, 1951, while she was temporarily engaged as a sales clerk in the Faust Jewelry Store at 3004 - 27th Street, North Birmingham, Mr. CAMPBELL came into the store about 3:00 p.m. that afternoon, accompanied by an uncle known as "Uncle GEORGE" CAMPBELL, of Murphreesboro, Tennessee. At this time, CAMPBELL and his uncle were accompanied by a small child of a neighbor named WILLIAMS, whom Mrs. CAMPBELL had offered to keep during that day while the child's mother was engaged in sales work at a downtown store. [ ] recalled CAMPBELL had just taken this child to a nearby barber shop for a haircut and he and his uncle appeared to be merely shopping and entertaining the child during the afternoon. She places the date of Saturday, December 22, 1951, definitely because she was assisted temporarily during that day by her husband, [ ] in helping the sales force and Saturday is the only day he could have helped her, being off from his regular work on that date immediately prior to Christmas.

b6  
b7C

During the interview with [ ] she stated E. E. CAMPBELL has a reliable brother, HENDON B. "HUMP" CAMPBELL, who operated the Chambers Cleaners in North Birmingham and whom she stated could be expected to offer his assistance in any investigation.

Mr. HENDON B. CAMPBELL, known as "HUMP" CAMPBELL, who operates the Chambers Cleaners with main offices located at 3411 - 27th Street, North Birmingham, who resides at 2314 - 34th Avenue, was contacted with reference to his knowledge of the whereabouts of his brother, E. E. CAMPBELL, during the period December 22 - 25, 1951. Mr. CAMPBELL stated since he was older than his brother, E. E., he had not been closely associated with him throughout the years and only infrequently visited in the brother's home. He was unable to recall definitely having seen him during December 22, 23, and 24, 1951, but was of the opinion that he and his wife had Christmas dinner on December 25, 1951, together with his brother, E. E. CAMPBELL and his wife, at the residence of their parents, Mr. and Mrs. G. G. CAMPBELL, at 3428 - 35th Avenue. During the interview, Mr. CAMPBELL inquired generally if interviewing Agents were concerned in any manner with Klan activities and volunteered the information that his brother, E. E. CAMPBELL, had for several years until approximately 1950, been connected with a local Klan organization and that he had on numerous occasions attempted to have his brother disassociate himself from that organization. He stated in his opinion, E. E. CAMPBELL now, and for approximately a year, has had no connection with Klan activities and spends most of his spare time either

BH 44-244

with the Civil Air Patrol or working in the Masonic Lodge in which he has, during the past year, been inducted. Mr. CAMPBELL offered his cooperation in whatever manner possible and appeared to be a reliable individual.

Subsequent to the above interview, Mr. HENDON B. CAMPBELL communicated with reporting Agents and advised he did not have Christmas dinner with his mother as he had previously stated. He related that he now recalled that his wife was sick and with her parents in Centerville, Alabama and on Christmas Day he went to Centerville to be with her. He further related he had ascertained from his mother, Mrs. GEORGE G. CAMPBELL, that his brother E. E. CAMPBELL was at home with his family on Christmas Day.

b6  
b7C

[redacted] care of Gamill Drug Company, Second Avenue and 24th Street North, advised he is [redacted] of suspect E. E. CAMPBELL, having [redacted] who is apparently entirely reliable, was requested to assist Agents in endeavoring to determine the activities and whereabouts of [redacted] E. E. CAMPBELL between December 22 and December 25, 1951. [redacted] advised that inasmuch as this was his busy season of the year, he would have been working most of this time and possibly would have only been with [redacted] E. E. CAMPBELL, on one occasion during the Christmas season. He indicated, however, that without suspicion he could determine from his wife or possibly other members of his family where they had their various family reunions, who was present, and also determine something about the activities of E. E. CAMPBELL [redacted]

[redacted] subsequently advised he had determined that on Sunday, December 23, 1951, he and his wife had dinner at the home of his [redacted] Mr. and Mrs. GEORGE G. CAMPBELL, 3428 - 12th Avenue North. He stated he went there to dinner at about 11:30 a.m., and remained until 3:30 p.m. Also present were ELLIS CAMPBELL (E. E.) and his wife [redacted] and [redacted] and Mrs. JOHN E. ELLIS, an aunt. He related that HENDON B. CAMPBELL was there, but the wife of the latter was not present. He advised he and his wife were the first to leave this family gathering and when he left, all the above named individuals were still at the residence of Mr. and Mrs. GEORGE G. CAMPBELL.

[redacted] related that he did not see E. E. CAMPBELL on Monday, December 24, or Tuesday, December 25, 1951. He recalls, however, that [redacted] and Mr. and Mrs. GEORGE G. CAMPBELL had dinner

BH 44-244

with him and his wife at their home on Christmas Day. He does not know where E. E. CAMPBELL and his wife were on Christmas Day, but is of the opinion that they had dinner at their own residence.

RE: [REDACTED]

b6  
b7C  
b7D

The above individual has been referred to in this report as T-2 and has also been referred to in teletype communications as [REDACTED] "Birmingham informant." Through the cooperation of [REDACTED] that individual on March 6, 1952, made contact with his "Birmingham informant" and as a result thereof, secured the permission of that individual, in whom [REDACTED] has previously stated he has the greatest of trust as far as information furnished, for contact with him by Agents.

Reporting Agents met [REDACTED] on the evening of March 6, 1952, and thereafter interviewed him at the Birmingham Office. At that time [REDACTED] advised as follows:

He stated he resides at [REDACTED] Alabama and is presently employed [REDACTED] concern in Birmingham. He has been so employed for the past two years. [REDACTED] also related that he has also [REDACTED]

[REDACTED] stated he is [REDACTED] years of age, is [REDACTED] He advised that during 1948, 1949, and possibly part of 1950, he was active in the Klan organization at Birmingham, and during a portion of that period, he was [REDACTED] He also advised he is well acquainted with [REDACTED]

[REDACTED] sometime during 1949, at which approximately 2,000 members were present. On that occasion, [REDACTED] upon invitation extended to him by BILL HENDRIX, head of the Southern Knights of Ku Klux Klan, Tallahassee, Florida. On that occasion [REDACTED] the Alabama Klan. He stated BILL HENDRIX [REDACTED] described HENDRIX as the "front man" for the Southern Knights of the Ku Klux Klan of Florida which organization he states in his opinion is actually dominated by [REDACTED] of Jacksonville, Florida

BH 44-244

whom he stated is the actual motivating influence of the Florida Klan and that BILL HENDRIX merely gets the publicity for same.

[redacted] at this time also indicated he was acquainted with [redacted] one Reverend SCHULER (phonetic) whom he described as being a retired Baptist minister, formerly very active in Klan affairs in Georgia and Florida and who at one time had a large Baptist Church at Jacksonville, Florida. [redacted] stated he believes this individual now may have resumed his preaching and may be pastor of a relatively small Baptist church either in Jacksonville or possibly at Atlanta, Georgia. He described this individual as one who would probably know a great deal about Klan activities in the State of Florida and who would undoubtedly know whether or not the Klan had instigated the bombings at Mims, Florida and possibly Miami.

As background information, [redacted] related that the Federated Ku Klux Klan, Inc., which is the Alabama branch, was originally intended to be a ramification of the Association of Georgia Klans, of which Dr. SAMUEL GREEN, now deceased, was the Imperial Wizard. [redacted] related that Dr. GREEN sent WILLIAM HUGH MORRIS to Alabama to reactivate the Klan, but he instead became obsessed with an idea of setting up his own independent group and with the assistance of [redacted] formed the Federated Ku Klux Klan, Inc. [redacted] stated it was shortly after the organization of this latter group by MORRIS, [redacted] that [redacted] [redacted] for six or eight months. He related this job was strictly honorary and he did not receive any pay from it. He remarked, however, that in this capacity he met frequently with Klan groups from North and South Carolina and Florida and as a result thereof, came to know a good many Klansmen and to be known to everyone associated with these groups [redacted] from the State of Alabama.

[redacted] further related [redacted] has been out of the Klan for approximately [redacted] years. [redacted] did not formally resign, but "quietly slipped out with no hard feelings." [redacted] disassociation has never been publicized and [redacted] could visit Klan leaders in Florida, particularly BILL HENDRIX. [redacted]

[redacted] whether or not the Klan was in any way responsible for any of the various bombings either in Miami or at Mims, Florida. [redacted] it was entirely possible

that the Klan might not be responsible for any of these bombings, but he believed the Klan entirely responsible. [redacted] if it was responsible in any degree [redacted] would be able to determine this by visiting HENDRIX and other Klan leaders. [redacted] a letter to BILL HENDRIX at Tallahassee [redacted] of the Federated Ku Klux Klan, Inc., [redacted] and suggest to HENDRIX [redacted]

[redacted] desired to visit [redacted] who resided in Orlando, Florida.

It should be noted at this time that [redacted] expressed his willingness and desire to be of assistance in the instant case and throughout the interview, gave the impression of sincerity in his statements. He is considerably concerned over any possibility that [redacted] to persons outside of the Bureau, stating that [redacted]

It should also be noted [redacted] any information whatsoever at this time indicating any implication of Klansmen from the Birmingham area in the Florida bombings [redacted]

It should also be noted that [redacted] is desirous of securing any payment or rewards should his efforts be successful in solving the Mims case [redacted]

It should also be noted at this time that inquiry was made [redacted] as to any knowledge he might have concerning possible implication of E. E. CAMPBELL in the Florida bombings and [redacted] stated definitely that in his opinion CAMPBELL would have had nothing to do with the incidents inasmuch as to his personal knowledge CAMPBELL has been "out of the Klan" for over a year.

BH 44-244

As of the date of this report [redacted] advised he has not received a reply from Klan leader BILL HENDRIX, Tallahassee, Florida, regarding [redacted] but will notify reporting Agents immediately should he receive a communication from HENDRIX. He indicated he had "heard" that HENDRIX has been travelling considerably of late over Florida, South Georgia and also attended a Klan gathering at Mobile, Alabama one week end recently.

RE: [redacted]

Concerning this individual, the Bureau and Miami were advised by letters from Birmingham dated March 5, and March 7, 1952, that [redacted] would possibly be available to proceed to the vicinity of Orlando, Florida and Winter Garden, Florida and fraternize with members of the Klan organizations in those areas for development of possible information concerning instant case.

Responsive to Miami teletype of March 13, 1952, and Bureau teletype of March 15, 1952, in which Miami requested to be advised of the availability of [redacted] for such a purpose and the Bureau likewise desired information concerning his possibilities, the Bureau was advised by letter with air mail copies to Miami and Mobile that [redacted] was recontacted and stated at the present time he will be [redacted]

Other information furnished by Birmingham at that time indicates that [redacted] would be available any time after the date of [redacted] for such a purpose.

TO : Director, FBI (44-4118)

FROM : SAC, Miami (44-270)

SUBJECT: UNKNOWN SUBJECTS; HARRY T. MOORE,  
HARRIETT MOORE (deceased) - VICTIMS  
CIVIL RIGHTS

DATE: March 24, 1952

G.I.R.-6

In connection with the investigation being conducted in the above captioned case, the fatal shooting of MELVIN WOMACK, a negro at Oakland, Florida, has come under consideration as possibly having some bearing on instant matter inasmuch as persons responsible for this murder may also have been involved in the murder of victims HARRY T. and HARRIETT MOORE.

MELVIN WOMACK, a 27 year old negro, resided at Oakland, Florida, during March, 1951, with one DORA MAE MOSBY. According to statements made by DORA MAE to the Sheriff's Office, she and WOMACK were living as man and wife and had intentions of marrying.

On March 28, 1951, at approximately 10:45 P.M., four white men appeared at the house and forcibly took WOMACK from the house. WOMACK was later found on March 29, 1951, at approximately 9:30 A.M. by Constable CARL SANDERS of Winter Garden, Florida. He was lying alongside the road on the edge of an orange grove mortally wounded. He was taken to the office of Dr. ALBERT GLEASON at Winter Garden who after examining WOMACK instructed that he be hospitalized. He was thereafter taken to the Orange Memorial Hospital at Orlando. Examination reflected he had several gunshot wounds, reported to have been from shotgun slugs. He was hospitalized March 29, 1951, at approximately 12:30 P.M. and died March 31, 1951, at approximately 1:25 A.M. without divulging the identity of his assailants.

For the information of the Albany Office, one LUTHER COLEMAN, negro, while working as a janitor at the First National Bank of Winter Garden, Florida, was accosted on the sidewalk beside the bank at about 7:00 P.M. February 6, 1951, and after being beaten on the head with clubs was taken across the street and told to get in an automobile and lie on the floor. COLEMAN managed to break away from his abductors and while running he heard one man yell to shoot him. He heard a shot fired which apparently creased his right leg, causing him to fall. The commotion and the screaming of COLEMAN apparently frightened the abductors and the group, number unknown, fled in two automobiles.

EXPEDITE PROCESSING

DORA MAE MOSBY is the [redacted] wife of LUTHER COLEMAN. The speculation among certain Klansmen in the Orlando area is to the effect that COLEMAN having escaped the first attempt on his life, a second attempt was made and while the assailants thought they were getting COLEMAN

## Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

DATE: March 18, 1952.

FROM : SAC, Birmingham

SUBJECT: MISDIRECTED MAIL

Rebulet 3-17-52 calling attention to a yellow file copy of a memorandum received at the Bureau, which memorandum was prepared by SA [redacted] 2-27-52, re: UNKNOWN SUBJECTS; Dynamiting of Negro Homes in North Smithfield Division, Birmingham, Alabama, March 25, 1949 - Civil Rights.

b6  
b7C

A review of the file in the Birmingham office entitled UNKNOWN SUBJECTS, HARRY T. MOORE (Deceased), HARRIET MOORE (Deceased) - VICTIMS, CR, Birmingham file 44-244, Miami origin, reflects that instant memorandum was transmitted to the Bureau by AMSD letter from the Birmingham Office dated 2-29-52, as an enclosure. The Birmingham file contains a copy of this memorandum. It is, therefore, not believed that any misdirection of mail occurred in this instance, inasmuch as it is possible that the memorandum referred to became detached from the letter transmitting same after arrival at the Bureau. The memorandum is attached for completion of the Bureau file in the Moore case.

Re:let to Director and all auxiliary Offices, 1-12-52.

During the course of instant investigation information was received to the effect that several members of the Winter Garden group of the Ku Klux Klan took out and severely beat two young girls, possibly age 16, allegedly because they had been bathing nude. According to information developed, one of these girls was named [redacted] (phonetic). According to the best information available this incident took place about 1947. Several Klansmen reportedly appeared at the lake where the girls were bathing nude with two gentlemen friends and called the couples ashore. The men made good their escape but the girls were caught and driven to a nearby orange grove located near Black Lake, Winter Garden, Florida. There they were forced to lie on the ground and submit to a severe beating with orange tree switches.

Other information developed indicates a Klansman, name unknown, who was married and who has a family was attempting to date [redacted] at about this time. She steadfastly refused his advances. According to information developed at the time the beating was over one of the men in the group reportedly said to her "I'll bet the next time a married man asked you to go out with him you'll go."

According to one source of information [redacted] whose identity should be maintained in confidence, one of the individuals who was on this "ride" was [redacted]. According to [redacted] told him she had seen [redacted] that all the other men in the party were hooded.

Other information developed indicates that [redacted] closest girl friend was [redacted] whereabouts presently unknown. The possibility exists that [redacted] was the other girl involved in instant beating.

SUBJECT: UNKNOWN SUBJECTS; HARRY T. MOORE,  
HARRY MOORE (deceased) - VICTIM  
CIVIL RIGHTS

DATE: March 31, 1952

Re Mobile let to Director, 3-19-52.

Investigation to date has disclosed little information of value as to the activities of victim MOORE during December, 1951. Referenced letter states that BILL HENDRIX has advised he had a conversation with victim MOORE in Jacksonville, Florida, approximately two weeks before MOORE's demise, during which conversation MOORE "confided" in HENDRIX that he feared for his life. This is the first specific information that has been received from anyone indicating MOORE gave any indication he believed his life was in imminent danger. There has not been received previously any information to the effect that MOORE had any intention of curbing his activities in the NAACP and the Progressive Voters League or any information that he ever considered affiliating with the Civil Rights Congress. It is also to be noted that no information has been received previously to the effect victim MOORE was in Jacksonville during the time stated by HENDRIX.

~~EXPEDITE PROCESSING~~ *alc*

It is requested that HENDRIX be reinterviewed and an effort made to obtain complete details as to his conversation with MOORE as well as his knowledge of MOORE and MOORE's activities. It should also be ascertained why he had the conversation with MOORE in Jacksonville. It is also requested that HENDRIX be thoroughly interviewed as to MOORE's statements when MOORE allegedly confided in HENDRIX that he feared for his life.

## Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI  
 FROM : SAC, MOBILE (44-175)

DATE: April 5, 1952

SUBJECT: UNKNOWN SUBJECTS;  
 HARRY T. MOORE, ET AL (Deceased) -VICTIMS  
 CIVIL RIGHTS

Re Mobile letter to the Director dated March 19, 1952  
 and Miami letter to the Director dated March 31, 1952.

The latter requested that this office re-interview BILL HENDRIX in an effort to obtain complete details as to his conversation with MOORE as well as his knowledge of MOORE and MOORE's activities. It was also requested that it be ascertained why he had the conversation with MOORE in Jacksonville and that HENDRIX be thoroughly interviewed as to MOORE's statements when MOORE allegedly confided in HENDRIX that he feared for his life.

As the Bureau and Miami Office are aware, HENDRIX recently "resigned" as Grand Dragon, Southern Knights of the KKK, in order to push his campaign for Governor of Florida.

Although the Bureau has specifically directed previously that HENDRIX not be interviewed in this matter, the Bureau has stated that Agents may accept information which HENDRIX volunteers. Inasmuch as HENDRIX apparently has indicated his desire to "volunteer" the above information as set forth in Mobile letter to Bureau dated March 19, 1952, HENDRIX will be re-interviewed UACB prior to April 10, 1952.
